I Meeting of Students of Basic Sciences

which will take place as part of the

INTERNATIONAL SCIENTIFIC CONVENTION OF THE UNIVERSITY OF HAVANA

Saber UH 2023

May 29 - June 2, 2023

Varona Convention Center, University of Havana, Havana, Cuba

Second Call

The Schools of Biology, Mathematics and Computer Science, Chemistry, Physics and the Institutes of Nuclear Science and Technology and Pharmacy and Food and together with the University Student Federation (FEU) are pleased to invite you to participate in the I Meeting of Students of Basic Sciences, which will take place between May 29 and June 2, 2023 at the University of Havana. We intend to promote scientific research and exchange between students of basic sciences as a solid theoretical basis for future application. Raising awareness of the importance of basic sciences for sustainable development was the call of the United Nations General Assembly when it declared 2022 as the International **Year of Basic Sciences for Sustainable Development**.

In 2023, on the 295th anniversary of the University of Havana, celebrated on January 5th, this meeting will be an excellent opportunity to share experiences and discuss the results of students in different fields of Basic Sciences, in a pleasant environment

and with a vision of the future. In addition, we will be able to share and learn about the almost three hundred years old University of Havana.
