Second Announcement
15th International Workshop
on
Operations Research

*Models and methods for information management and
decision making*

Havana (Cuba), May 29-June 2, 2023

Organized by

Universidad de La Habana

Université Paris I, Panthéon-Sorbonne

Co-sponsors

*Sociedad Cubana de Matemática y Computación-Asociación Cubana de Investigación
Operacional*

Asociación Latinoamericana de Investigación Operativa

Aims of the Workshop

This workshop intends to provide a platform for discussing about new theoretical and practical results on the area of OR, mainly focused on decision making problems and management of the required information for such process. The workshop welcomes contributions on mathematical and computational methods of statistics, optimization, numerical mathematic, soft computing, big data sciences and business intelligence, to support decision making process in problems of human health, environment, economics and regional development so as experiences on OR education for promoting innovation and research interests in the students. Cross-fertilization between different topics of the OR and Computer Sciences, are also expected. Tutorials read by well-known specialists will take place on May 29th –May 30th

We invite researchers to organize special sessions devoted to one specific topic or on the applications.

A social program will be also offered. It will include the opening activities on May 29th, Cuban music, a tour for significant places of the university tours, the closing activities on June 2nd and other options.

The Workshop covers contributions on:

Biomathematics	Numerical Analysis
Biostatistics	Optimization
Big Data & Business Intelligence	Operations Research Education
Application in the Economy	Probability & Statistics
Logistics	Soft Computing
Management Sciences	Applications in Medicine
Multicriteria Decision Making	Applications in Environment

Organizing Committee

President: Raúl Guinovart Díaz (Dean, Facultad de Matemática y Computación)

Members: Celia González, Wilfredo Morales, Genry Pérez.

Submission of Abstracts and Papers

Researchers interested in participated at the workshop shall create an account at <https://eventos.uh.cu/event/18/>. After validating your account, you can submit the abstract of your contribution, written in English. It shall include title (in bold), full name of all authors (labeled by numbers), their corresponding institutions, and keywords. The rest of the abstract will be a single paragraph of no more than 250 words. Results of the contribution shall be highlighted. Please underline the name of the speaker and include his/her email. For submission and more information on the abstracts format, please check the convention web page convencion.uh.cu or ask the organizers of the Workshop.

Contributions will be examined by the Scientific Committee of the workshop, which will decide on their acceptance and mode of presentation. An email will be sent as soon as your paper is accepted.

Full versions of the papers presented at the conference can be submitted to the journal [Investigación Operacional](#).

Please, also send a copy of your contribution's abstract and the following information form as an attachment to:
