

Saber UH
2023
Convención Científica Internacional
Universidad de La Habana

Within the framework of the Scientific Convention “SABER UH 2023”, the Faculty of Philosophy, History and Sociology of the University of Havana, invites you to the International Congress “Philosophical dialogues to interpret and transform”. Dedicated to the 295th Anniversary of the University of Havana and the 60th Anniversary of the creation of its Department of Philosophy, the event will consist of the following activities:

1. *IV Symposium "Ethics, Applied Ethics, Humanism and Education in Values"*

- Organized since 2015, one of its main objectives is the discussion of the problems of the areas of knowledge to be debated in the symposium. Among its thematic lines are:
 - Morality, its structure, foundation and contemporary dilemmas.
 - Ethics, its structure, significant currents and thought studies from yesterday to today.
 - Applied ethics and its contemporary significance.
 - Bioethics and epistemology. Main challenges in the 21st century.
 - Latin American Ethics of the Caribbean, Cuban and Latin.

2. *Seminar "Marxist Dialogues"*

- Conceived as a space for the presentation and debate of research carried out from and on Marxism, understood as a complex totality of knowledge and praxis. The renovating studies on the past and

history of Marxism are of interest, as well as its current projections, both in its perspective of thought and political activism. Other edges to attend would be:

- Study of works and Marxists; Marxism and institutional teaching; Marxism and feminism; cultural and scientific metabolism between Marxism and other theories; Marxism and socialism; Marxism and the historical present, Cuba and Latin America..

3. *Scientific workshop “Philosophy through its research”*

- A space for presenting research projects, partial and final results, and contributions from completed research. Philosophical research in its various manifestations constitutes the general scope of this space. Among its main lines are:
 - History of philosophical thought, ontology, epistemology and philosophy applied to various human fields (philosophy of mind, politics and social, science and technology; ethics, bioethics and philosophical anthropology).

Can participate:

- Professionals involved in philosophical research
- Doctoral students
- Masters
- University graduates
- University undergraduates
